Iron Horse Trail Improvements

City Project No. 2017-24 Iron Horse Trail, Isabel Ave to Murrieta Blvd, ACTC No. 1480008

The Iron Horse Trail improvements consist of one-mile long paved multi-use trail improvements that will close the gap between the existing Iron Horse Trail at edge of downtown Livermore at Murrieta Boulevard to the one existing Iron Horse Trail at Isabel Avenue (SR 84) along Stanley Boulevard going to Pleasanton. The project is expected to be awarded the Granite Rock compny, the lowest responsible bidder, at a January 2020 Council meeting with construction beginning early 2020. This project is funded with \$1,617,000 in Measure BB monies for design and construction phases and also with a TFCA grant in the amount of \$193,000 and local

match funds. The project is currently under construction expected to be completed by end of October 2020.

If you need additional information regarding this project, please contact Name, Roberto Escobar, at (925) 960-4532.
